**All XS products are considered by Argenta Cerámica to be low emission. | Todos los productos XS son considerados por Argenta Cerámica bajos en emisiones.**  
In order to manufacture them, CO2 or VOC emissions have been considerably reduced, approximately 50% compared to a conventional product, and the consumption of inks and glazes has also been optimised. The technological advances that Argenta has implemented to manufacture the XS products allow us to maintain the technical features in terms of resistance, improving flexibility and durability.

Para fabricarlos se han reducido considerablemente las emisiones de CO<sup>2</sup> o COVS, aproximadamente un 50% frente a un producto convencional, además, se ha optimizado el consumo de tintas y esmaltes. Los avances tecnológicos que ha implementado Argenta para fabricar los productos XS permiten mantener las prestaciones técnicas en cuanto a la resistencia, mejorando la flexibilidad y durabilidad.
