

# QUARTZ STONE

Quartz stone incita a experimentar con el *diseño* y la naturalidad de la piedra creando espacios con gran *personalidad y delicadeza* visual.

La combinación de materiales con la mica enriquece la practicidad de la colección imitando a la perfección la piedra original y la convierte en una sólida *elección* para quienes buscan dar un paso más allá.

---

Quartz stone encourages experimentation with design and the naturalness of stone, creating spaces with great personality and visual delicacy.

The combination of materials with mica enriches the practicality of the collection by perfectly imitating the original stone and makes it a solid choice for those looking to go one step further.

---

Quartz Stone encourage l'expérimentation avec le design et le naturel de la pierre, en créant des spaces avec beaucoup de personnalité et de délicatesse visuelle.

La combinaison des matériaux avec le mica enrichit l'aspect pratique de la collection en imitant parfaitement la pierre d'origine et en fait un choix solide pour ceux qui souhaitent aller plus loin.
