

UNIQUE

hand-finished planks

Every piece of wood, every plank tells its own story. In our Unique collection we bring them to life. Varied knot patterns, heartwood or distinctive shakes, with a high proportion of colour variation or sapwood – these are all expressive characteristics for the impulsive grade of our Unique surfaces. We treat the unique characteristics plank by plank and accentuate them by hand, while retaining the original character of the wood. So each plank becomes a unique hand-finished specimen, with incomparable design, unique charisma and value.

GENUINE CRAFTSMANSHIP

Hand-scraped

Inspired by the hand-scraping process: We guide a slightly rounded planing knife in gentle wavy lines over the plank. This enables us to achieve a natural-looking variation in the surface that feels particularly pleasant.

Knot enhancement

When timber planks are air-dried, the hard knot parts shrink less over time than the rest of the plank. We accelerate this process and produce by hand an effect that normally only emerges after years.

Split oak

Wood is a living material that is permanently expanding and contracting. Stress cracks are natural changes that are a model for us when designing surfaces. Our craftsmen skilfully produce and accentuate this unique character.
